

MAGMA

Magma is made exclusively from the grape Verdelho. The vineyards are planted in the so-called ‘curraletas’ of Biscoitos, part of the landscape and heritage of the Terceira Island. The vines grow on volcanic soils, surrounded by magma rocks that protect them from the strong winds of the atlantic, originating a unique and special wine.

Vintage

2018

Denomination

DOC Biscoitos, Açores

Varieties

100% Verdelho

Alcohol

12,5% vol.

Total acidity

5,8 g/L
